## ~Release Notes~

And we're done!

This is our last complete Adachi project, so a 'yay' might be in order. We hope you've enjoyed reading Hatari Kyokai. Hopefully it'll encourage those of you still unfamiliar with Mitsuru Adachi's many great manga to check them out, and let yourselves be charmed by the wonderful mix of romance and sports that only he can create.

In fact, we're always looking forward to working on new Adachi projects, so if you're willing to provide good-quality scans for a series that isn't already being worked upon, drop by the channel (<http://goodnotesfire.mchighway.net/>).

Even if you don't have anything to give us, just drop by to chat. Mine's always looking for new lines, and the rest of us are relatively harmless.

Now go read Mine, Rough Kitaru, H2 Touch, et cetera.
